

Introduction – part two

LESSONS TO BE LEARNED FROM A MODEL DISCIPLE AND LEADER

God could trust Timothy because he was a faithful _____ man. He was not perfect; on the contrary, he had problems just like you and me. There were times that Timothy was so full of care that he needed to take medication (1 Timothy 5:23). He was also fearful (2 Timothy 1:7) at times to the point that it caused shame toward Paul, the gospel, and even the Lord. Timothy obviously made bad decisions concerning people, decisions that created turmoil (1 Timothy 1:3-4; 1 Timothy 3). He was nobody as far as the world was concerned. In this regard Timothy was a _____ (Acts 16:1-17:14). His life could easily describe ours. However, we do not ever read anything about him that is controversial as he was truly a man of God.
